

# CDC Resources

The Centers for Disease Control and Prevention is continually providing information for healthcare professionals and updating related guidance to address the evolving COVID-19 pandemic.

## 1 CDC Interim Infection Prevention and Control Guidance for Dental Settings During the COVID-19 Response

- Dental settings have unique characteristics that warrant additional infection control considerations.

## 2 CDC Oral Health Guidance

- CDC provides guidance for providing dental care during COVID-19.

## 3 CDC Crisis Standards of Care Decontamination Recommendations

- This document summarizes research about decontamination of FFRs before reuse.
- Strategies for FFR extended use and reuse (without decontamination of the respirator) are currently available from CDC's National Institute for Occupational Safety and Health (NIOSH).

## 4 CDC Resources

- Learn the latest updates and access data on COVID-19 cases in the U.S., as well as resources for healthcare professionals.

## 5 CDC COVID-19 Website Buttons and Badges

- Add this graphic to your practice website and enhance patient access to current COVID-19 information.

## 6 CDC Handouts and Posters

- Utilize these free downloads from the CDC to help keep your staff and patients informed on best practices to combat COVID-19.

## 7 CDC Office Sign

- Keep staff and patients safe by controlling who enters your practice facility.
