

Drug Enforcement Agency COVID-19 Updates

Along with other government agencies, the Drug Enforcement Agency (DEA) has provided a number of updates to assist healthcare providers during the COVID-19 pandemic.

The DEA works closely with DEA registered drug manufacturers, distributors and importers to ensure an uninterrupted supply of drugs. The DEA also works to assure that patients will have access to necessary drug products containing controlled substances.

Visit the [DEA's COVID-19 information page](#) to learn more about:

1 Prescription information

This includes:

- Prescribing controlled substances to patients during the COVID-19 pandemic
- DEA decision-making [tree chart](#)
