Currently, vaccine supplies are slowly increasing in West Virginia. As that takes place, more doses are being shared with healthcare locations throughout the state. It is not possible to give an accurate timeline as to when your location or facility will receive the vaccine, but you remain in the highest priority category in the state's COVID-19 vaccination plan. Maintain regular contact with your facility/location for important details on when the vaccine may be offered.</p>
WY	Wyoming COVID-19 Vaccine Information	Contact your local county health department for more information.
