2. Review of applications is completed in the following manner.
   i. Criteria scores – Applications are scored by all members of the CET (except those recused by conflict of interest). Four primary criteria are scored with a range of 1-9, with 1 as high.

   1. Professional activity plan.

   2. Applicant track record (CV), taking into account number of times applied.

   3. Mentoring process.

   4. Total debt and educational debt-to-income ratio.

   ii. Final Score

   1. The final score is a summation of the criteria scores but not necessarily an average of them. A scale of 1-9 is used with 1 being high.

   iii. Committee Strategic Review

   1. Following final scoring by the committee, the top candidates equal to the number of awards plus two to three alternates (depending on the size and final scores of the pool) again are reviewed. At this stage, the order of those being considered may be altered based on strategic priorities including demographics, clinical area within the
scope of practice, geography and program history of recent prior award recipients. The final order is then submitted to the AAOMS Board for approval.

D. Re-submission of Applications

1. Applicants that were not recommended for support, if eligible, may resubmit a revised application by April 1 of the following year.

2. It is expected that most successful applicants will have submitted applications over multiple years with documented progress in the professional activity plan and CV.

V. PROGRESS REPORTS

A. Submission of Reports
