Credentialed media representatives are invited to attend the 100th American Association of Oral and Maxillofacial Surgeons (AAOMS) Annual Meeting, Scientific Sessions and Exhibition – the premier educational experience for oral and maxillofacial surgeons. Clinical sessions will cover the latest innovations in dental implants, cosmetic maxillofacial surgery, obstructive sleep apnea, reconstruction and TMJ. The meeting also will feature more than 200 exhibitors highlighting the latest technologies.

**Media Registration and Eligibility**

There will be no Media/Press Registration Booth at the AAOMS Annual Meeting. Media representatives wishing to attend the AAOMS Annual Meeting either must notify AAOMS communications staff in advance of the meeting or register personally with staff onsite. There is no charge for media to attend the meeting.

Media badges are available to working press who can show evidence that their attendance results in coverage of the AAOMS meeting in print, broadcast or recognized internet media. AAOMS reserves the right to inspect the credentials of anyone registering as press. To obtain a media badge, identification certifying you are a working member of the print or broadcast news media and/or a letter stating you are on assignment to cover the meeting is required. Membership cards from communications or writers’ organizations are not sufficient to establish eligibility.

*Note: Individuals who are registered as exhibitors may not register as media.*

Press badges allow access to the Exhibit Hall and most clinical sessions. AAOMS reserves the right to restrict media attendance at any portion of the meeting. Please see the back of this document for a list of sessions closed to the media.

Media must sign and return the AAOMS Media Guidelines. To register, fill out and return the Media Registration Form. For more information, please contact AAOMS Communications staff before the meeting at 847-233-4336 (onsite at 815-715-4809) or email jkremer@aaoms.org.

---
