

Course Overview

This course provides education on Medicare programs and policies that impact oral and maxillofacial surgeons and their staff. This self-paced program includes discussions of Medicare components (Part A, Part B, Part C and Part D), Medicare fraud and abuse, payment policies, appeal processes, and miscellaneous other Medicare-related topics. There is a saying in healthcare – “as Medicare goes, so do the other carriers.” If you take the time to thoroughly learn the Medicare program, you will better understand your commercial payers, too.

In-person Workshop Materials

The coding and billing syllabi closely follow the instructors' oral presentations and serve as handy references for the OMS practice and future training of new staff members. Audiovisual materials also reinforce the oral and written information. The custom coding workbook includes cases of various surgical coding problems faced by oral and maxillofacial surgeons and provides an opportunity to review the principles learned in the instructional portion of the course.

Please note: The coding workshops are hands-on workshops – be sure to bring your coding books, including current copies of ICD-10-CM, CPT and CDT with you to the Beyond the Basics Coding Workshop. Coding manuals also are required for participation in the online Basic and ICD-10-CM coding courses. The Basic course requires, CPT, CDT and ICD-10-CM coding manuals. The ICD-10-CM course requires only the ICD-10-CM coding manual.

Online Course Evaluations

AAOMS has instituted a new electronic course evaluation process. To obtain continuing education credits for these sessions, you must complete an online evaluation. Through the new online system, you can evaluate sessions and speakers, earn continuing education credits and instantly print your transcript. Additional information is provided inside your course packets.

In-person Workshop Hours

Check-in time for each day is from 7:30 to 8 a.m. Workshop hours are 8 a.m. to 4 p.m. Meeting rooms are often cooler than normal – please dress accordingly.

Housing Arrangements

Once open, housing arrangements for coding workshops held in conjunction with the AAOMS Annual Meeting can be completed online at AAOMS.org/AMhousing according to the directions in the Annual Meeting Advance Program or at AAOMS.org.

For all other AAOMS coding courses, blocks of rooms have been reserved by AAOMS at the host hotels. Telephone numbers for these hotels are listed in this brochure. Registrants must make housing reservations directly with the hotel and specify they are with the AAOMS coding workshops to receive the special room rate. Unless otherwise noted, overnight and/or day parking at host hotels is not included and/or validated in the room rate.

Note: Reservations for hotel and travel should not be made until after you have received an email registration confirmation from AAOMS.

If you will be charging your hotel expenses to a credit card other than your personal card (i.e., your practice credit card) and that cardholder will not be present at check-in, you must contact the hotel at least two weeks prior to your scheduled check-in date to arrange billing authorization.
