

Advanced Protocols for Medical Emergencies in the Oral and Maxillofacial Surgery Office (APME)

May 4-5, 2019 | Loews Chicago O'Hare, Rosemont, Ill.

Held in conjunction with the AAOMS Practice Management Stand-Alone Meeting and Beyond the Basics Coding Workshop. Visit AAOMS.org/OMSstaff for more information.

► This course provides **12 continuing dental education credits**. CDE/CME for doctors is not available because this course has been created for assistants. See complete continuing education credit statement below.

About the Course

The Advanced Protocols for Medical Emergencies in the Oral and Maxillofacial Surgery Office (APME) course curriculum covers emergencies in the office setting that OMS assistants may encounter and helps prepare them to provide assistance. While the APME material is designed for assistants who have previously taken the Anesthesia Assistants Review Course (AARC), having done so is not a prerequisite to attend this course. Topics covered include cardiovascular distress, respiratory distress and allergic reactions. Each topic contains examples presented in detail. This course provides excellent instruction that will ensure the OMS team is well prepared to manage office emergencies.

Objectives

At the conclusion of this program, participants should be able to:

1. Recognize potential and real emergencies.
2. Evaluate the underlying cause(s) of emergency situations.
3. Plan appropriate responses to specific emergencies.
4. Function as an integral part of the oral and maxillofacial surgery team to manage office emergencies.

Continuing Education Credit

The American Association of Oral and Maxillofacial Surgeons is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The American Association of Oral and Maxillofacial Surgeons designates this activity for 12 continuing education credits.
