Booth Assignment Procedure and Priority Points

Contracts received on or before March 22, 2019, will be eligible for booth space based on the points earned and ranked up to Dec. 31, 2018.

A company’s priority point rank is kept confidential between AAOMS and the exhibiting company. The point assignment procedure is as follows:

• One point is earned for each 10’x10’ space occupied at the AAOMS Annual Meeting.
• One point is earned for each 8’x10’ space occupied at the Dental Implant Conference. Maximum booth size is 18’x20’ peninsula.
• Points are awarded for corporate support contributions and royalties given to AAOMS and ROAAOMS, and are based upon the amount(s) given and advertising in selected AAOMS publications.
• Points more than 7 years old will be dropped from the calculation. Points are tabulated from 2011. Contributions/activities prior to Jan. 1, 2012, are not considered.
• The AAOMS Board of Trustees shall be the final arbiter of all ties or disputes related to the point system.
• Only corporate support contributions are counted. Gifts from individuals cannot be counted. Contributions-in-kind (non-cash contributions) are not counted.
• In the event of a company merger/acquisition, only the higher point total of the two merging companies will be recognized. Merging companies may not combine their priority points to achieve a higher ranking. In other words, if Company A, with 200 priority points, merges with Company B, which has 100 priority points, the newly merged company will have 200 priority points, the greater of the two totals. This procedure permits the company with the highest point total to retain its priority ranking. The AAOMS exhibition manager must be notified in writing for the acquiring company to assume the higher point total.

Booth Space Selection – 2018 Dental Implant Conference: Electronic Space Selection (ESS)

Applications must be received by March 22, 2019, to be included in this time-, date- and technology-based booth selection process. The AAOMS Exhibition Department will – according to your point ranking – contact the main contact listed on your application via email, fax and/or phone to select your booth for the 2019 Dental Implant Conference.

Booth selections will start the week of April 29 - May 3 (dates subject to change), with exact dates and timing notification issued the week of April 8, to all exhibitors who have submitted applications. The floor plan will be activated on the AAOMS Virtual Exhibit Hall website and updated every time an exhibitor selects booth space. You will then have the opportunity to view the most up-to-date floor plan at your assigned booth selection time.

Full payment is due upon receipt of invoice generated during the ESS. Applications received after March 22, 2019, will be considered in order of date and time received after the initial space selection process has been completed, space permitting. An exhibitor waitlist will be activated if necessary.

Other Exhibitor Educational Programs
Education and research are vital to AAOMS’s mission and its relationship with its fellows and members. Therefore, exhibitors agree not to conduct or sponsor seminars, lectures, clinics or other educational programs in the same geographic area as AAOMS programs. Because sites vary, the association determines the geographic coverage areas on a meeting-by-meeting basis.
Exhibiting companies may host educational programs immediately prior to or immediately following the official dates of the AAOMS Dental Implant Conference. Such programs may be held on Wednesday, Dec. 4 and Sunday, Dec. 8. Written requests should be sent to the AAOMS exhibition manager as soon as possible to ensure space availability.
Admittance to G-Coded scientific sessions is permitted for all exhibitors who have an exhibitor badge. Please note all other session types excluded.
Deadline: Oct. 18, 2019
